

Are you thinking about a career in teaching?

Internship Programme

What is it?

We are offering a new, three-week Internship Programme which incorporates a paid scheme for secondary Maths, Physics and Computing undergraduates (£300 pw) and an unpaid scheme for all other secondary subjects and primary teaching. Our aim is to help anyone interested in training to teach to explore how rewarding and challenging a career in teaching can be.

As part of the programme, interns will have the opportunity to get involved in all aspects of school life, including:

- Taking part in a bespoke training programme,
- Working closely with a mentor in a placement school to observe and teach lessons,
- The chance to meet with NQTs and SCITT trainees to get their perspective on the realities of teacher training.

Why do it?

- To gain a true understanding of what a career in teaching involves.
- To receive high quality training from outstanding teachers in outstanding schools.
- To meet other Interns in a similar position to you.
- To accelerate your interview process for our SCITT.
- To gain valuable and unique work experience for whatever you go on to do in the future, as well as a formal written reference from your Mentor.

Are you thinking about a career in **teaching**?

Internship Programme

What do we need from our interns?

- Enthusiasm for teaching and working with young people;
- A high level of professionalism when working with our schools;
- You will be given a Learning Journal to complete during the programme in which we will ask you to reflect on your training, what you have observed and your own teaching experiences. This is a key skill that all teachers need to apply to their practice every day;
- We want you to be inquisitive and interested. We will encourage you to ask plenty of questions and throw yourself into the life of your placement school.

Yes, I'm interested! What do I do now?

Get in touch! We will send you an application form and arrange a place for you on one of our interview days.

***The 2022 programme will take place from the
13th June to the 1st July.***

*(*some flexibility with dates possible)*
