

ST OSCAR ROMERO CATHOLIC SCHOOL
APPOINTMENT OF SECOND IN MATHEMATICS
(Initially one year contract)

Full time teaching post with TLR2b - required for September 2022

The Governors are looking to appoint a hard-working, inspiring and talented Second in Mathematics to join our existing team and lead St Oscar Romero Catholic School into the next chapter of its exciting journey. Over the last four and a half years our school has been on a rapid journey of improvement, something that was recognised in July 2019 when our school was judged outstanding in all categories in its Diocesan Section 48 inspection.

This is an excellent and rare opportunity, following the promotion of the current Second in Mathematics, to join a dynamic, innovative and vibrant school as it continues on its quest to be the best school in the country.

The role of Second in Mathematics is fundamental to the school's vision and future success. The Mathematics Department are a talented and hardworking team of specialists who always go the extra mile for our students. We have exciting plans for Mathematics and passionately believe in having high expectations for all students within the subject.

The role is initially for one year, due to a planned re-organisation of the Mathematics Department in September 2023. The successful candidate would be heavily involved in assisting with the planned re-structure the following year.

Key facts about our school:

- Strong GCSE results and an upward trend in all subjects
- Progress 8 score of +0.29 in 2019, placing us in the top 20% of schools in the country
- Fantastic students who are motivated, hardworking, and whose behaviour is exemplary
- Fantastic team of staff, who are collaborative, open, and supportive of the students and each other
- Over-subscribed with waiting lists in all year groups
- We were rated 'Good' by Ofsted in March 2018
- We were rated 'Outstanding' in our Section 48 Diocesan Inspection in July 2019

The school is an equal opportunity employer and is committed to the safeguarding and protection of children and individuals. This post is subject to a DBS Enhanced Disclosure.

HOW TO APPLY

Please submit your application using the WSCC application form, with a supporting letter of no more than two sides of A4 when typed.

In your letter please outline the relevant experience in your career to date, what you feel you would bring to the role of Second in Mathematics at St Oscar Romero Catholic School and how you would contribute to our journey to become the best school in the country.

Please email your completed application and supporting letter to Karen Godfrey at kgodfrey@stromeros.co.uk or send to the school address.

- **Closing date: Monday, 11th July 2022**
- **Interviews: From Tuesday, 12th July 2022**
