**Do you ever just need someone to talk to?**  
Our young carers service offers 1-1 support, this means you can meet, usually in your school or talk over the telephone or text with someone who can help you talk through the things that are bothering you, we can talk about why you are feeling sad or angry and we can work on things to help you. If you would like to have a chat please get in touch or ask your parent/carer to contact
