

# **Vocabulary across the Curriculum in Year 8**

## Top 10 Spelling Strategies

When you come across a new word ALWAYS use the **LOOK - THINK - COVER - WRITE - CHECK** method to memorize it.

**LOOK** carefully at the new word. How can you break it into smaller bits? Do any of the smaller bits remind you of the patterns of letters from other words?

**THINK** about the parts of the words, which might cause problems - double letters for instance, or a vowel that isn't pronounced as you would expect.

**COVER** the word and close your eyes. Try to see it in your mind's eye.

**Mnemonics** are useful for particularly tricky words, or for key spelling patterns:

- Ould – **Oh, you,** lucky **duck** (should, could, would)
- Ound – **Oh you** naughty **duck** (ground, found)
- Laugh – **Laugh At Ugly Goat Hair**
- Because – **Big Elephants Can Always Understand Small Elephants**
- Island – an island **is land** surrounded by water
- Necessary – 1 collar and 2 sleeves are **necessary**
- Piece – a **piece** of **pie**
- Parliament – **Liam** went to the Houses of **parliament**
- Separate – there is **a rat** in **separate**
- Secretary – a good **secretary** can keep a **secret**
- Terrible – **Ribs** feel terrible
- Business – going by **bus** is good **business**
- Rhythm – **rhythm** gets your **2 hips** moving
- Accommodation – **2 cats, 2 mice, 1 dog** - **accommodation**
- Soldier – **soldiers** sometimes **die** in battle
- Quiet – keep **quiet** about my **diet**
- Guitar – I only play **guitar** when I'm drinking **fruit juice**

## Say it as you spell it

### The Importance of Syllables in Spelling

All good spellers are skilful at breaking words up into syllables.

care - ful

hos – pit - al

u – n i- ver – si - ty

Wed – nes - day,

fav- our,

dis – tinc - tion

Breaking a word into syllables makes it easier to deal with one small bit at a time.

### Prefixes as an aid to spelling

A prefix is a group of letters placed at the start of a root word to change its meaning. Some complicated words are less difficult to spell if you are familiar with prefixes.

im-	not	immature, improbable
ir-	not	irrelevant, irregular
inter-	between	international, intermarry
mis-	wrong	misunderstand, misspell
post-	after	postnatal, postscript
pre-	before	prenatal, prehistoric

### Suffixes - their importance in spelling

A suffix is simply an ending that's added to a base word to form a new word.

A key thing to know about a suffix is whether it starts with a consonant or a vowel.

Base word	+consonant suffix	Base word	+vowel suffix
hope	hopeless	note	notable
state	statement	calculate	calculation
spite	spiteful	reserve	reservation
late	lately	late	latest
extreme	extremely	expense	expensive

## Word Detective

How many secret words can you find hiding in your word?

Delicate = deli, cat, ate

## Ransom Letters

Cut out letters from old newspapers and magazines. Use them to spell tricky words.

C I R C u m F E R E n C E

### Steps to Success

H

Ha

Hap

Happ

Happy

Build a staircase with your words. Add on a new letter on each level.

### Rainbow Spelling

Write each letter of your word in a different colour.

personification

## Design A Word:

Pick one word and write it in bubble letters. Colour in each letter in a different colour.

## When should you doubling consonants when adding a suffix?

If the base word has:

one syllable

one short vowel

one consonant at the end

you double the final consonant when you add a vowel suffix

bed + ing	= bedding,	flat + est	= flattest
fun + y	= funny	hot + er	= hotter

If the base word has:

one syllable

one short vowel

one consonant at the end

you keep the base word the same when you add a consonant suffix

bag + ful = bagful, wet + ness = wetness
