

Vocabulary across the Curriculum in Year 7

Trinity Catholic High School

Headmaster: Dr P C Doherty OBE, BA (Hons), DPhil (Oxon), FRSA

At Trinity, we place great emphasis on Developing vocabulary across all subject areas.

Year 7 students will regularly use subject based vocabulary across all areas of the curriculum and it is important that students develop their skills in using this vocabulary accurately and confidently. To support students, departments will have spelling tests on key words that they encounter within each subject area. Each department has listed key vocabulary that students are expected to know in Year 7.

Exceptions are French and Spanish where vocabulary that they need to learn is within their textbook.

At Trinity, we also use Spellzone, which is an online English spelling resource used by students aged six to adult. It unlocks the mystery of British English spelling and is adaptable for all abilities including students learning English as a foreign language and those with dyslexia. Spellzone is fully accessible with many options for font, text and background colour, text size and a text to speech facility. This resource includes a spelling ability test, an online course and also the ability for teachers to set spelling tasks.

Students will be tested on spellings regularly each half term.

We would ask parents to support students in learning these spellings and have included some spelling strategies that might be of use.

Top 10 Spelling Strategies

When you come across a new word ALWAYS use the **LOOK - THINK - COVER - WRITE - CHECK** method to memorize it.

LOOK carefully at the new word. How can you break it into smaller bits? Do any of the smaller bits remind you of the patterns of letters from other words?

THINK about the parts of the words, which might cause problems - double letters for instance, or a vowel that isn't pronounced as you would expect.

COVER the word and close your eyes. Try to see it in your mind's eye.

Mnemonics are useful for particularly tricky words, or for key spelling patterns:

- Ould – **Oh, you, lucky duck** (should, could, would)
- Ound – **Oh you naughty duck** (ground, found)
- Laugh – **Laugh At Ugly Goat Hair**
- Because – **Big Elephants Can Always Understand Small Elephants**
- Island – an island **is land** surrounded by water
- Necessary – 1 collar and 2 sleeves are **necessary**
- Piece – a **piece** of **pie**
- Parliament – **Liam** went to the Houses of parliament
- Separate – there is **a rat** in separate
- Secretary – a good **secretary** can keep a **secret**
- Terrible – **Ribs** feel terrible
- Business – going by **bus** is good **business**
- Rhythm – **rhythm** gets your **2 hips** moving
- Accommodation – **2 cats, 2 mice, 1 dog** - accommodation
- Soldier – **soldiers** sometimes **die** in battle
- Quiet – keep **quiet** about my **diet**
- Guitar – I only play **guitar** when I'm drinking **fruit juice**

Say it as you spell it

The Importance of Syllables in Spelling

All good spellers are skilful at breaking words up into syllables.

care - ful

hos - pit - al

u - n i - ver - si - ty

Wed - nes - day,

fav - our,

dis - tinc - tion

Breaking a word into syllables makes it easier to deal with one small bit at a time.

Prefixes as an aid to spelling

A prefix is a group of letters placed at the start of a root word to change its meaning. Some complicated words are less difficult to spell if you are familiar with prefixes.

im-	not	immature, improbable
ir-	not	irrelevant, irregular
inter-	between	international, intermarry
mis-	wrong	misunderstand, misspell
post-	after	postnatal, postscript
pre-	before	prenatal, prehistoric

Suffixes - their importance in spelling

A suffix is simply an ending that's added to a base word to form a new word.

A key thing to know about a suffix is whether it starts with a consonant or a vowel.

Base word	+consonant suffix	Base word	+vowel suffix
hope	hopeless	note	notable
state	statement	calculate	calculation
spite	spiteful	reserve	reservation
late	lately	late	latest
extreme	extremely	expense	expensive

Word Detective

How many secret words can you find hiding in your word?

Delicate = deli, cat, ate

Ransom LeTTers

Cut out letters from old newspapers and magazines. Use them to spell tricky words.

C I R C u m F E R E n C E

Steps to Success

H

Ha

Hap

Happ

Happy

Build a staircase with your words. Add on a new letter on each level.

Rainbow Spelling

Write each letter of your word in a different colour.

personification

Design A Word:

Pick one word and write it in bubble letters. Colour in each letter in a different colour.

When should you doubling consonants when adding a suffix?

If the base word has:

one syllable

one short vowel

one consonant at the end

you double the final consonant when you add a vowel suffix

bed + ing	= bedding,	flat + est	= flattest
fun + y	= funny	hot + er	= hotter

If the base word has:

one syllable

one short vowel

one consonant at the end

you keep the base word the same when you add a consonant suffix

bag + ful = bagful, wet + ness = wetness
