

# Vocabulary across the Curriculum in Year 9

#### **Top 10 Spelling Strategies**

When you come across a new word ALWAYS use the

LOOK - THINK - COVER - WRITE - CHECK method to memorize it.

**LOOK** carefully at the new word. How can you break it into smaller bits? Do any of the smaller bits remind you of the patterns of letters from other words?

**THINK** about the parts of the words, which might cause problems - double letters for instance, or a vowel that isn't pronounced as you would expect.

**COVER** the word and close your eyes. Try to see it in your mind's eye.

**Mnemonics** are useful for particularly tricky words, or for key spelling patterns:

- Ould **Oh**, **you**, **l**ucky **d**uck (should, could, would)
- Ound **Oh you n**aughty **d**uck (ground, found)
- Laugh Laugh At Ugly Goat Hair
- Because Big Elephants Can Always Understand Small Elephants
- Island an island is land surrounded by water
- Necessary 1 collar and 2 sleeves are necessary
- Piece a piece of pie
- Parliament **Liam** went to the Houses of par**liam**ent
- Separate there is a rat in separate
- Secretary a good secretary can keep a secret
- Terrible **Rib**s feel ter**rib**le
- Business going by **bus** is good **bus**iness
- Rhythm rhythm gets your 2 hips moving
- Accommodation 2 cats, 2 mice, 1 dog accommodation
- Soldier soldiers sometimes die in battle
- Quiet keep quiet about my diet
- Guitar I only play guitar when I'm drinking fruit juice

#### Say it as you spell it

#### The Importance of Syllables in Spelling

All good spellers are skilful at breaking words up into syllables.

```
care - ful
```

hos – pit - al u – n i- ver – si - ty

Wed - nes - day,

fav- our,

dis - tinc - tion

Breaking a word into syllables makes it easier to deal with one small bit at a time.

#### Prefixes as an aid to spelling

A prefix is a group of letters placed at the start of a root word to change its meaning. Some complicated words are less difficult to spell if you are familiar with prefixes.

im-	not	immature, improbable
ir-	not	irrelevant, irregular
inter-	between	international, intermarry
mis-	wrong	misunderstand, misspell
post-	after	postnatal, postscript
pre-	before	prenatal, prehistoric

#### Suffixes - their importance in spelling

A suffix is simply an ending that's added to a base word to form a new word. A key thing to know about a suffix is whether it starts with a consonant or a vowel.

Base word	+consonant suffix	Base word	+vowel suffix
hope	hopeless	note	notable
state	statement	calculate	calculation
spite	spiteful	reserve	reservation
late	lately	late	latest
extreme	extremely	expense	expensive

#### **Word Detective**

How many secret words can you find hiding in your word?

#### Ransom Letters

Cut out letters from old newspapers and magazines. Use them to spell tricky words.

#### **Steps to Success**

Н На Нар Нарр Нарру

Build a
staircase with
your words.
Add on a new
letter on each
level.

#### Rainbow Spelling

Write each letter of your word in a different colour.

## personification

#### **Design A Word:**

Pick one word and write it in bubble letters. Colour in each letter in a different colour.

#### When should you double consonants when adding a suffix?

If the base word has:

- One syllable
- One short vowel
- One consonant at the end

you double the final consonant when you add a vowel suffix

bed + ing	= bedding,	flat + est	= flattest
fun + y	= funny	hot + er	= hotter

If the base word has:

- One syllable
- One short vowel
- One consonant at the end

you keep the base word the same when you add a consonant suffix

bag + ful = bagful, wet + ness = wetness
