Re: EBacc Presentation Evening for Year 9 Parents

Dear Parent/ Guardian,

As your child is in Year 9, they will soon consider their GCSE option choices. The options process will commence ahead of the Easter holidays and further information will follow in due course. During this half term, your child will receive a wealth of information regarding options and careers to help them make informed decisions.

On **Friday 18th March at 7pm**, Dr Doherty is hosting a special presentation evening for parents in Ratcliffe Hall on the upper site about the options process and particularly the EBacc subjects. The EBacc subjects are those which give students access to a fuller range of employment options when they leave secondary school and are those subjects recommended by Britain's top universities (Oxford, Cambridge and the 24 Russell Group institutions). The study of a modern foreign language and a humanity subject (history/geography) in combination with the core subjects offered at Trinity are seen to give students that competitive edge as they look to enhance their future opportunities.

Please confirm your attendance at the presentation evening by clicking the link below:

Ahead of Dr Doherty's talk, to help start conversations at home about students' choices, we have attached a parent and student guide regarding the EBaccalaureate (EBacc) subjects.

This guide provides an overview of the EBacc subjects along with student testimonies recommending the various subjects on offer. Further information regarding the options process will be distributed to parents and students over the coming weeks. We hope that you find the attached information about the English Baccalaureate useful and we look forward to seeing parents of Year 9 students at the EBacc presentation evening on the 18th March.
