School Action:

- The curriculum aims to support students' holistic growth providing a rounded education that nurtures excellence in its many forms - intellectual, physical, emotional, spiritual and social. Our CPR curriculum (Citizenship, PSHE and RSE) supports students' wider personal development and the time allocation for this aspect of the curriculum has been increased for the next academic year.
- The School has created the role of Personal Development Coordinator. This member of staff will lead on enhancing our co- curricular offer so that it better supports the interests, needs and aspirations of our students building further opportunities for personal development.
- Our curriculum is detailed on the school website with an overview of the curriculum at each key stage and specific information about each subject at KS3, KS4 and KS5. Details of this information will be referenced in our regular communications with parents.
