

Photography A level Assessment Tasks

Develop AO1

Research the Art/Artist/concept linked to your idea and record interesting information, techniques and opinions, then add your own in response.

Explore a variety of work, linking with your initial ideas.

Compare and **analyse** these artist's work

Reproduce their work using a range of techniques

Create your own work in the style of the artist

Visit a gallery or museum to see work first hand

Explore AO2

Use a **wide range** of techniques and explore new ways of editing images. Look for online tutorials.

Include **electronic media**, using photoshop, procreate or photopea

Evaluate all experimentations and processes, especially as your idea develops and leads to your final piece (planning)

Exhibit a variety of ways to show the same idea, evaluate them and compare them. Analyse everything you do, **refining** until you have the best outcome, and you are able to say why.

Record AO3

Show your process with screenshots.
your own **photographs**.

Take

Go on an **onsite visit** linking to your theme and record it (notes, drawings and photography)

Annotations throughout sketchbook

Present AO4

A high Quality **final piece**, backed strongly with all research, evaluation and art work in sketchbook
