

## Art A level Assessment Tasks

### Develop AO1

**Research** the Art/Artist/concept linked to your idea and record interesting information, techniques and opinions, then add your own in response.

**Explore** a variety of Art work, linking with your initial ideas.

**Compare** and **analyse** these artist's work

**Reproduce** their work using a range of materials

**Create** your own work in the style of the artist

**Visit** a gallery or museum with your sketchbook

### Explore AO2

Use a **wide range** of materials and explore new ways of markmaking and **experimenting** with mixed media

Include **electronic media**, using photoshop and photography.

**Evaluate** all experimentations and processes, especially as your idea develops and leads to your final piece (planning)

Exhibit a variety of ways to show the same idea, evaluate them and compare them. Analyse everything you do, **refining** until you have the best outcome, and you are able to say why.

### Record AO3

**First hand observational drawing** (from life!) exploring the formal elements (line, colour, pattern, texture, shape, form and space)

Take your own **photographs**.

Go on an **onsite visit** linking to your theme and record it (notes, drawings and photography)

**Annotations** throughout sketchbook

### Present AO4

A high Quality **final piece**, backed strongly with all research, evaluation and art work in sketchbook
