

# TRINITY CATHOLIC HIGH SCHOOL | 2023 – 2024

## YEAR 7 LEARNING JOURNEYS

Our 'Learning Journeys' provide an outline, for all of our stakeholders, of the diverse range of knowledge rich and challenging subject topics that students can enjoy during their first year at Trinity Catholic High School. We developed these 'journeys' to make explicit the range of academic opportunities on offer for our students to grow, develop and learn. We want our students to develop their academic skills and experiences to ultimately lead successful and fulfilling adult lives, as well as being able to realise their dreams and ambitions.

Learning journeys are important documents that demonstrate to students and parents the units of study that students will undertake during Year 7 – these documents have been given to students and are visible in exercise books. We feel it is vitally important for students to know what they are studying; learning journeys foster discussions in lessons as to 'why' these topics are being taught and furthermore, these documents allow students to see how units of study overlap not only within the subject domain but also across the curriculum. We encourage parents to look at these documents with their children so they too can visualise the learning journey that we will be taking students on.

Learning is their journey.  
Let them navigate.  
Push them to explore.  
Watch them discover.  
Encourage their questions.  
Allow them to struggle.  
Support their thinking.

**Headmaster:** Dr P C Doherty OBE, BA (Hons), DPhil (Oxon), FRSA

# Year 7 Mathematics

## Baseline Test

Mental test and reasoning paper

MATHS SETS ASSIGNED

## Algebraic Thinking

Sequences, Algebraic Notation, Equality & Equivalence

### DID YOU KNOW?

Learning algebra helps to develop your critical thinking skills. This includes problem solving, logic, patterns, and reasoning. You need to know algebra for many professions, especially those in science and maths.

## Mid-Year Test

Non-calculator and calculator paper

## Fractional Thinking

Addition & Subtraction of Fractions

### DID YOU KNOW?

The line that separates the numerator from the denominator in a fraction is called the vinculum

## End of year test

2023-24

## Reading Books

## Directed Numbers

Four Operations with Directed Numbers

### DID YOU KNOW?

A googol is the large number  $10^{100}$ . In decimal notation, it is written as the digit 1 followed by one hundred zeroes.

## Place Value & Proportion

Place Value & Ordering Integers & Decimals, FDP Equivalence

## Application of Number

Solving Problems with Addition & Subtraction, Solving Problems with Multiplication & Division, Fractions & Percentages of Amounts

## Lines & Angles

Constructing, Using and Measuring Geometric Notation, Developing Geometric Reasoning

## Reasoning with number

Developing numbers Sense, Sets & Probability, Prime Numbers & Proof

## Chromatography Experiments

# Year 7

**Year 7 Assessment – December.**  
 Acceptable use, online safety, online fraud, digital footprints and data representation.

**Year 7 Assessment – end of May**  
 All units except Physical Computing

Assessment  
 Baseline.  
 Year 7

The end of year units for year 7 and year 8 are creative projects with a relevant theme. They focus on introducing a new aspect of computing in a way that also provides opportunities to bring together knowledge and skills that have been covered before.

# Year 8

Computing helps to develop computational thinking – the ability to solve problems, think logically, use abstraction and think algorithmically. A key aim of year 7 and year 8 Computing is to develop an understanding of the world around you; a world that is being constantly transformed by computers, the internet and smartphones.

**Assessment – December.**  
 Acceptable use, online safety, malware & social engineering, data representation and all units from year 7.

**Assessment – end of May**  
 All units from year 7 and year 8 except Website Design

# DESIGN TECHNOLOGY

**Brainstorming**

**Research**

**Writing a Specification**

Students must gain an understanding of the different ways in which products are made and the scales of productions involved in the design and making process.

**Scale of Production**

**Timber**

**Area and Volume**

Students will need to calculate the area and volume of the materials they will be using in order to ensure wastage is limited.

**Writing a Brief**

A combination of graphic design and electronics this project is about creating a greeting card with a LED circuit.

**Creating Designs**

Students will learn a range of drawing skills including one point perspective and oblique.

**Tools**

The final project consists of making a desk tidy. Students will be taught how to use a variety of tools & machines as well as learning about different materials & processes.

**Input-Process**

**Learning to Solder**

Students must learn how to solder safely and understand the purpose of the components.

**Working Drawings**

Students will learn a range of drawing skills including one point perspective and oblique.

**Planometric**

The final project consists of making a desk tidy. Students will be taught how to use a variety of tools & machines as well as learning about different materials & processes.

**Desk Tidy**

**Health & Safety**

In addition they must learn about the design processes and how to develop a product from initial concept to finished item

**Making a circuit**

**Mechanical Forces**

**Electronic Components**

**First Day of School**

**Making a card**

**Mechanical Forces**

**Mechanical Forces**

**1 Point Perspective**

**EXAM**

End of year Exam  
1 hour  
100 marks

## Design Technology: Books to Read

## Did you know?

It is believed that logo designs started in the 13th Century when Egyptians branded domestic animals with hieroglyphs to mark their ownership

The Nike swoosh was created by Carolyn Davidson. She designed the icon as a college student back in 1971, and was paid only \$35.

The Coca-Cola logo was made using a style of hand lettering called Spencerian Script.

# YEAR 7 FOOD LEARNING JOURNEY

## PRACTICAL LESSONS- KEY SKILLS

FRUIT MUFFINS	FRUIT SALAD	PASTA SALAD	SCONES	MACARONI CHEESE	SAUSAGE ROLLS	FAIR TRADE COOKIES
Making batter.	Classification of fruits .	Boiling .	Rubbing method	Sauce making	Rolling and shaping pastry	Weighing and measuring .
Portion control	Bridge Hold	Managing hob	Combing ingredients	Grating	Handling high risk ingredients	Creaming in method
Setting temperature	Claw grip	Combining ingredients	Shaping Ingredients	Managing hob/ oven	Shaping and forming pastry.	Forming and shaping
Weighing	Presentation skills	Seasoning	Forming Ingredients	Recipe adaption	Whisking egg for glaze	Recipe adaption

Celebrity interviews

**Module 3**

With over 75 million tourists every year, Paris is the most visited city in the world 

**Module 5**

**La littérature française**

Practise French at <https://languagesonline.org.uk>

**Ma vie de famille**

Pets  
Family  
Where I live  
Breakfast  
Celebrations

**Module 4**

Speaking assessment

Aside from Hollywood, France produces the most films worldwide 

In Year 7 at Trinity you will cover 3 Units (Maps and UK, Africa and Rivers). A high-quality geography education should inspire in pupils a curiosity and fascination about the world and its people that will remain with them for the rest of their lives (N.C, 2014).

**Key to lines**

The Nile River is the longest river in the world (6650km), the Amazon River is the largest by discharge (340,000 m<sup>3</sup>/s). The longest river in the UK is the River Severn (354km).

**Why? Place knowledge is very important!**  
You should understand how places are connected and where they are. Connections to place occur through sharing cultures through Music and Food.

The study of geography is about more than just memorizing places on a map. It's about understanding the complexity of our world, appreciating the diversity of cultures that exists across continents. And in the end, it's about using all that knowledge to help bridge divides and bring people together.  
— Barack Obama —

**Why? Everyone likes a holiday but how you consider the social and environmental impacts of travel?**  
R.E teaches us to respect creation. English writing skills will be essential here.

**Why? Fieldwork is an important element of Geography. You will develop skills in collecting and analysing data whilst introducing you to factors that can affect weather and climate**

The Westernmost point of the UK is Rockall. It is an uninhabited island in the Atlantic Ocean.  
The southernmost point of the UK is the uninhabited island of Pednathise Head, Isles of Scilly.  
The northernmost point of the UK is Oosta/ Out Stack in Shetland, Scotland.  
The easternmost point of the UK is Lowestoft Ness, Suffolk.

**Why? Understanding how the world around you is made, there are Science links with rock type and erosion.**

**Key Words & Spellings:**  
Continent, Stakeholder, Environment, Sparsely, Relief, Density, Misconception, Development, Precipitation, Sustainable, Evaporation, Microclimate, Hydraulic Action

**US Mapping Skills**      **Essay Structure**

**Prior KS2 Learning:**  
Compass Direction, 7 Continents, 5 Oceans, South America

Windows 365

**From the Global to the Local – continents to Woodford**

**Africa 54 Countries!**

**Kenyan Tourism**

**Microclimates**

**River Landforms**

**Year 8**

**UK Geography**

**Why? The U.K is your home.** The physical location of our major mountains, rivers and counties should be understood as well as population density. There are historical links to why we settle in places.

**River Flooding**

**Why? Geographers save lives!**  
Understanding the physical causes of hazards and how to mitigate risk saves lives.

**GEOG JOB?**

**Mid-year exam**

**Microclimates Assessment**

# Year 7 HISTORY

## Learning Journey

**1066 and all that** (named after a humorous book on British history; you should try and read it) Three kings and two battles to decide the fate of England...

**Did you know?** The Battle of Hastings took place on 14<sup>th</sup> October 1066

**The Norman Conquest:** How to take over a country and transform it in only twenty years! We call that a revolution...

### CHRISTMAS TEST

To check your knowledge and understanding of the work you undertook in your first term!

**How religious were people in the Middle Ages?**

Everyone was a Christian, everyone was a Catholic, everyone believed in heaven and hell; and, everyone knew that Jerusalem should be Christian again...

### SPRING TERM ASSESSMENT

Why was Thomas Beckett murdered?

### Life in the Middle Ages

So much to cover in this unit! Castle design, siege warfare, who lived in castles, what life was like in villages and towns and what did they do for fun?

**Did you know?** Early football games were played with a 'ball' usually a pig's bladder filled with straw!

**Health and Medicine in the Middle Ages**

How smelly were the Middle Ages...and WHY was there such a stink?! How deadly was The Black Death? And how did they try to cure people?

### Here come the Tudors!

Everyone has heard of Henry VIII, but there were several other well known Tudor monarchs that you must look at, including Henry VII, Bloody Mary and Edward VI

### END OF YEAR TEST

To check your knowledge and understanding of the work you have undertaken in your first year at Trinity!

**Did you know?** History is about what happened in the past to people, what they did and why they did it. To enjoy history you need to be able to imagine what life was like long ago for all sorts of people.

## Reading Books

1066 Chronology 1381

Chronos is the god of time in Greek mythology. Putting events in their order of time and understanding how dates and centuries are calculated is vitally important in making sense of history.

1215 1348 1558  
1314 1485 1509

### History skill

Writing a narrative account explaining why things happened, what did happen and what the importance of that event was – in other words, telling a story.

**Did you know?** People tried to cure The Black Death by killing a toad, drying it in the sun and then holding it on their skin!

### History Skill

Interpreting evidence of the past. To develop this skill, you will look at historians' views of the past to work out why they held different views about the same event.

### History Skill

Working out the significance, or importance of an event; when you study people and events from different periods you might be asked to consider how significant that person or event was.

**Did you know?** There is a west end musical called 'Six' about Henry VIII's six wives. Give the songs a listen, to learn their stories!

### History Skill

Looking at change and continuity in history is an important skill. Some things change over time, like Henry VIII's waistline, and some things don't!

# 2023-2024

# Year 7 Music Learning Journey

**Did you know?**  
The most expensive Violins ever sold was auctioned for £13m!

**Unit 1: Introduction to Music**  
The Elements of Music  
Stave Notation  
Keyboard Skills  
Instruments of the Orchestra

**Unit 3: Theme Music**  
Character Motifs  
Music, Mood and Scales  
What makes a successful Melody?  
How to develop a musical idea

**Did you know?**  
One of the most iconic character motifs ever written is the famous 'shark theme' from the movie 'Jaws' – it only uses two notes!

**Did you know?**  
'Ukulele' is a Hawaiian word which translates as 'jumping flea'

**Unit 2: Ukulele**  
Tablature  
Chord Diagrams  
Plucking & Strumming  
Song Structure  
Performance Skills

**Did you know?** Brazilian carnivals are so loud, the Samba Band leader has to give signals to the players using a piercing whistle called an 'apito'

**Unit 4: Samba**  
Instruments of Samba  
Polyrhythms and 'The Groove'  
Breaks  
Call and Response  
Rhythmic Notation

Recommended Reads

# Trinity Year 7 Physical Education Journey

## OAA

Taking part in outdoor adventurous activities set to challenge individuals and build teamwork and confidence.

**Cricket**  
Your lessons will look at developing batting, bowling, fielding and applying tactics within the game.

## Leadership

All Year 7 students will be completing the Young Sports Leaders Award, accredited by Sports Leaders UK.

## Show Your Commitment

How many can you complete?

- Try Your Best In All Lessons
- Bring Your PE Kit To All Lessons
- Attend PE Extra-Curricular Clubs Each Term
- Represent your form in interform

**Football**  
Your lessons will be tailored towards developing passing, shooting and both attacking/defensive aspects of the game.

## Tennis

Your lessons will look at developing various forehand & backhand strokes, serving and the basic rules of the game.

## Rounders

You will be learning about bowling, batting, fielding, positioning and tactical play within this unit.

## Summer Term

## Badminton

Your lessons will look at attacking shots and defensive shots, serving and the basic rules of the game.

## Basketball

You will be developing the basic core skills needed to compete in a game of Basketball, such as passing, dribbling attacking, defending and shooting.

## Athletics

Your lessons will be covering the three disciplines of athletics: Throws, Runs and Jumps. You will develop an understanding of the basic technique required for each event.

**Volleyball** You will learn the basic skills and apply these in mini games

## Dance

You will learn the basics of choreography whilst doing social dance in small groups.

## Autumn Term

## Gymnastics

You will be developing the basic components of a routines, which focus on Balances, Rolls, Travel and Jumps.

## Invasion games

You will develop an understanding of attack and defence, whilst developing core skills such as passing, movement and creating space.

## Recommended Reads

## Fixtures Each Year

Below are the fixtures we compete in across the year

- Athletics
- Basketball
- Badminton
- Football
- Netball
- Rugby
- Cross Country

Your Physical Education Journey starts here ...

# Year 7 Spanish Learning Journey

## Module 1—Mi Vida

- ◆ my personality
- ◆ my family and pets
- ◆ birthdays
- ◆ using numbers
- ◆ alphabet

## Module 2—Mi tiempo libre

- ◆ sports
- ◆ free time activities
- ◆ giving opinions
- ◆ weather

Did you know?  
Spanish comes top of the list of the ten most important languages for the UK's future.

## You will be able to...

- understand and express ideas in spoken and written Spanish
- develop transferable language skills in listening, speaking, reading and writing
- develop a core of grammatical knowledge
- deepen your understanding of other cultures
- open up future career paths
- prepare yourself for future holidays in Spanish-speaking countries

Mid-year exam/Baseline test  
Listening, Reading, Writing

## Module 3—Mi Insti

- ◆ saying what you study
- ◆ describing school
- ◆ breaktime activities

Did you know?  
Spanish is the official language in 21 countries.

## Module 4—Mi familia y mis amigos

- ◆ family
- ◆ physical descriptions
- ◆ where you live
- ◆ Carnaval in Cádiz

End of year Exam  
Listening, Reading, Writing

## Module 5—Mi ciudad

- ◆ describing your town
- ◆ telling the time
- ◆ ordering in a café
- ◆ saying what you are going to do at

Spring Assessment  
Speaking

Did you know?  
There are 577 million Spanish speakers around the world.

**Academic Reading**  
Please refer to Teams for articles on Gastronomy, Geography, History and Festivals in Spain.

# YEAR 7 TEXTILES LEARNING JOURNEY

## BASELINE ASSESSMENT

## TEXTILES AND INDUSTRY

## DEVELOP YOUR TECHNICAL SKILLS

## DEVELOP YOUR DESIGN SKILLS

## READING SUGGESTIONS

**CROSS CURRICULAR:** Maths – costing of the final product, measuring accurately./English- writing a production plan./Art – colour wheel, abstract art./Citizenship – ethical production of clothing, recycling, throw away society./
