HIGH  
SCHOOL

# Enrichment Programme

## Summer Term 2026

At Trinity Catholic High School, we are committed to forming faithful, compassionate, and socially responsible young people through the provision of a holistic education, offering a diverse range of experiences that foster personal growth, creativity and a lifelong love of learning.

Our co-curricular programme is rich and diverse; providing students with the opportunity to develop key skills such as communication, problem solving, creativity, resilience, leadership, teamwork, a sense of community and academic excellence.

We want students to embrace new things, to discover their own strengths and interests and to explore potential talent, while mastering the skills they enjoy.

Our Enrichment opportunities span:

- **Clubs and Societies** (e.g. eco-clubs, faith reflection groups, debate, music, drama)
- **Service and Outreach** (community volunteering, partnerships with local charities, Lenten giving)
- **Educational Trips and Cultural Experiences** across the curriculum and beyond
- **Workshops, Guest Speakers, and Retreats** in a range of domains
- **Student Leadership Programmes** that enable participation, subsidiarity, and stewardship

These experiences are crafted to ensure accessibility and inclusion for all students.
