

# TRINITY

**Dear Students, Parents, Carers & Governors**

As we come to the end of the year, I want to thank you. This community has helped carry Trinity through a period of real growth and renewal, and that support has not gone unnoticed.

Trinity's 50th year is also coming to a close, and we wanted to mark both endings together in style with Trinity Fest. Like every event we host, the strength of this day comes from how firmly the community gets behind it.

Trinity Fest is a simple thank you for being part of Trinity, and a chance for all of us to come together before the summer wind-down begins.

Friends of Trinity have spent months planning this special day, bringing together current students, alumni, our feeder primary schools and anyone in the wider community who wants to enjoy a relaxed, festival-style celebration.

Their commitment to building community spirit at Trinity is something I'm genuinely grateful for, and this event is the result of real hard work.

I am incredibly grateful to the parents and Friends of Trinity who have purchased items from our Amazon wish list.

This generosity has made a real difference to the organisation of this event.

Funds raised on the day will go towards our social space project, currently in the planning stage. The money raised at Trinity Fest will get this project started.

# A Scorching Success: Our Seniors' Afternoon Tea

Our recent Seniors' Afternoon Tea, on a blisteringly hot summer's day, was a heartwarming occasion that brought together our students and the elderly residents in our local area.

Hosted by our Linking Lives project group and supported by sixth form prefects and staff, the event was a successful first step in our aim to connect our communities through social events and activities.

Guests enjoyed a delicious afternoon tea of freshly made sandwiches, homemade scones and cakes, took part in a fun quiz with prizes kindly donated by local businesses, and, most importantly, spent time chatting, sharing stories and building meaningful connections across generations.

Students and older residents swapped stories about local history, revealed the secrets of their success and imparted advice that they would give to their younger selves. For our older guests—some of whom experience regular isolation—the afternoon offered a welcome change of scenery and a wonderful opportunity to make new local friends. For our students, it was a lesson in empathy, active listening, and community service.

The success of the event was evident on the day through the joy felt by all those who attended. The Linking Lives project group did an amazing job organising the event, managing everything from the planning to the prizes.

They were joined by our dedicated sixth form prefects, who enthusiastically and tirelessly helped serve refreshments and engaged in conversations across tables. Teachers and staff members were also on hand, ensuring every guest felt valued and cared for throughout the afternoon.

Events like this help older members of our community feel remembered and connected, and we are incredibly grateful to Holly, Niamh, Nicholas, Jesse, Niall and Neringa for making the afternoon so special.

## Year 7 Explore the Science Behind Groundbreaking HPV Research

You may have seen this week the news about HPV What many people do not see is the enormous amount of work taking place behind the scenes. Planning an event of this scale has involved hundreds of volunteer hours, countless meetings and a huge amount of dedication from those determined to create a truly memorable celebration for our school and wider community.

Most importantly, this event could not happen without the support of our sponsors.

Our year 7 had the privilege to visit the Queen Mary university laboratories where this research was conducted. Over four days all of our year 7 students visited the Centre of the Cell. Students took part in a genes and inheritance show. We learnt there is a special gene that codes for tasting bitter and carried out an experiment to find if we had any supertasters in our group. Students also visited the STEM pod- a specially designed "cell" suspended above the Blizzard laboratories. Here we played interactive games teaching students about cell structure and the research carried out at Queen Mary university. Many thanks go to all the staff accompanying this trip making such a large event possible.

## Golden Success at NAGA Expert Division

Congratulations to Henry in Year 10 on achieving an outstanding Gold Medal in the 16–17 Year Old Expert Division at NAGA (North American Grappling Association). Competing against highly skilled athletes, Henry demonstrated exceptional determination, technical ability and sportsmanship throughout the competition. Winning gold at this level is a remarkable achievement and reflects the hard work, dedication and commitment he has shown to his training. We are incredibly proud of his success and look forward to celebrating his future accomplishments both on and off the mat.

## Work Experience - Year 10 and 12

Students who have not yet collected their Work Placement Agreement Form from Mrs Alexander must do so as soon as possible.

Please note that all placement providers must be contacted before the start of the work experience. Failure to make contact may result in the placement being withdrawn.

If you have any queries, please contact Mrs Alexander at [salexander@tchs.org.uk](mailto:salexander@tchs.org.uk).

## Redbridge District Swimming Gala

Despite the hot weather, we were able to field a strong swimming team for the annual Redbridge District Swimming Gala held at Bancroft's School.

We were incredibly proud that every member of our team earned at least one medal during the event.

A special mention goes to those students who stepped in at the last minute to help us complete the team. Their willingness to support our school and teammates embodies the spirit of Trinity that we value so highly.

Congratulations to all our swimmers for their fantastic effort, determination and success. We look forward to our swimming gala against Bancroft's School next term.

## Morning Mass at TCHS

Just a little reminder to all staff and students that Mass is celebrated in The Chapel of the Divine Child on Lower site at 8:15am every morning.

## Water Safety: A Vital Message for Families

As the warm weather continues, we would like to remind families about the importance of staying safe around open water. Rivers, lakes, reservoirs and canals can be far more dangerous than they appear, and many accidents are preventable through awareness and sensible decision-making.

Please take a few moments to talk to your child about the risks of swimming in open water and what to do if someone gets into difficulty. Remember:

- Never enter the water to try to rescue someone.
- Call 999 immediately and ask for the appropriate emergency service.
- If possible, throw something that floats to the person and encourage them to float on their back while help arrives.
- If it is safe, extend a long object such as a pole or branch from the bank.
- Use what3words to help emergency services locate you quickly in large open areas.

We also encourage you to watch and discuss this short water safety video together as a family:

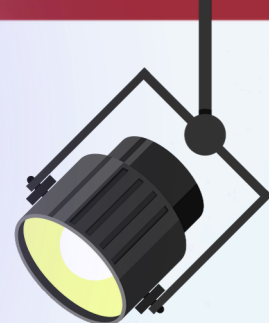

Water Safety | Don't take risks and risk your life :

Taking a few minutes to have this conversation today could help save a life tomorrow.

# Launching **THE SHARP SYSTEM**

At Trinity Catholic High School, the safety and wellbeing of our students is always our top priority. We are proud to launch the SHARP system (School Help Advice Reporting Page) A confidential online platform that empowers students to report concerns and seek support quickly and securely.

The SHARP system allows students to raise issues such as bullying, online safety, hate crime, weapons, health and wellbeing, or any other worries they may have either about themselves or someone else. Reports can be made anonymously, ensuring every student has a voice and a safe way to be heard.

**The platform is easy to access via any device at:**

**[trinitychs.thesharpsystem.com](https://trinitychs.thesharpsystem.com)**

## **HOW TO USE SHARP**

1. Visit [trinitychs.thesharpsystem.com](https://trinitychs.thesharpsystem.com)
2. Click Make Report to share your concern.
3. Explore the dedicated help pages on topics such as bullying, health, hate crime, and community safety.
4. If you prefer to speak to someone directly, you can always approach a member of staff or contact Mrs McGrory, Head of Pastoral.

### **A Message from the Headteacher**

“At Trinity Catholic High School, our Mission is to ensure that every student feels safe, valued, and supported and has a voice. The SHARP system provides an additional, confidential way for students to share any concerns, knowing that they will be listened to and taken seriously.

We want all members of our community to understand that safeguarding and wellbeing are at the heart of everything we do. By speaking up, students are helping us to build a culture of trust, care, and respect. No student should ever feel alone. Together, we can make Trinity a safe and supportive place for everyone.”

### **Why SHARP Matters**

1. Gives students a safe and confidential space to raise concerns
2. Helps staff respond quickly and effectively to issues
3. Builds a culture of care, respect, and inclusion across our community

We encourage all students and parents to familiarise themselves with the SHARP system and to use it whenever needed. Together, we can ensure that Trinity remains a place where every student can flourish in safety and confidence.
