Year 1 Ogden Trust Science Visit

Six year one pupils had the opportunity to visit Mount Carmel to take part in a Science Day with the theme of Physics. The children were a credit to Webheath, and the buzz of excitement was fantastic. From flying mice, balancing parrots to marshmallow structures, lots of enjoyment and Science took place.

World Mental Health Day

Yesterday, we 'painted the school yellow' for World Mental Health Day! Thank you for your efforts in supporting the children to come to school wearing yellow accessories. Everyone enjoyed 'Walking a Mile with a Smile'. Each year group got together with another year group to walk laps around the playground; giving us all an opportunity to talk with one another and to stimulate those feel-good endorphins! The children then carried out focus activities to support positive mental health within their classrooms.

Vision and Values

This week, we focused on all of our values with the children and celebrated the different ways in which we can show kindness, zest, respect, nurture and integrity throughout our school life. I have noticed children holding doors open, helping each other with challenges, saying good morning with a smile and taking on new ideas with great zest. What a delight!

Enjoy a lovely weekend everyone and we look forward to seeing you for another busy week next week.

Kind regards

Mrs Heffernan
