

French Speaking

The purpose of this booklet is to support your child prepare for their GCSE French Speaking exam.

This booklet is a summary of all the content that your child needs to revise vocabulary and structures for, and also includes ways of practising their French speaking skills and improving their confidence in this skill. Although the booklet is by no means a guarantee and only a starting point to help you and your child manage their revision for this exam, it will make a significant contribution to their success.

This booklet should be used as a checklist so that you can help your child plan their revision and practice. Ideally topics should be worked through at random and use a priority red, amber, green system to prioritise areas to work on.

I hope that you enjoy using this booklet to help check your child's understanding of the topics that they have completed. Should you have any questions please do not hesitate to contact me at Irichardson@whickhamschool.org

Merci et bonne chance from the French department!
