

# KS3 Mathematics

## ALEX LIDDLE

Whilst in school, Alex demonstrated the qualities of a responsible learner, ensuring to try his best in every task, asking for help when needed and building confidence through sharing ideas with the whole class. Alex responds very well to any feedback and has the correct mindset to receive feedback, making sure to try and improve himself. During lockdown Alex's work was outstanding, both Miss Ledger and Mrs Wheatley are extremely proud of the standard of the work completed, every single piece was completed fully, and demonstrated that Alex was fully committed to ensuring no dips in his progress. Alex should be very proud of himself and the way he responded to what was a very strange situation, we hope this resilience stays with him heading into Y9.
