

# KS4 Science

## SHARIA BEHROUZI

Sharia joined the school at the end of Year 10 and immediately made an impression on the Separate Sciences class. Not only was he a polite and diligent young man, he was willing to give his time in class to support other pupils. Sharia has a real passion for Science – so much so that he asked if the Science Faculty would support him in studying for an extra GCSE in Astronomy. In his previous school Sharia had never studied Biology, but worked hard with Mr Berry to pick up the knowledge and vocabulary needed quickly. This is all the more impressive as Sharia completed his studies and exams in his second language.
