

KS5 Textiles

CHARLOTTE BARRAS

Charlotte is the most naturally creative and self-motivated student I have ever come across. Throughout her time at Whickham she has worked with determination and a strong sense of self belief which has enabled her to follow her own ideas through to highly original, technical textile outcomes. Charlotte was a joy to teach as she displayed a genuine passion for life and knowledge, finding inspiration in all aspects of life. She is able to make intellectual connections and work independently to overcome any difficulties in order to achieve her intentions. I wish her every success for the bright and exciting future which lies ahead.
