

KS5 Drama

GEORGIA HAMLIN

Georgia has made significant contributions to the drama department over the past five years and she will be sorely missed. Her commitment to our extra-curricular programme in particular has been outstanding and she has certainly shown her versatility over the years (sound designer, backstage crew member, mic technician, dancer & performer.....) Her effort and dedication to drama really has been outstanding! Georgia is a very talented young lady who has been an excellent ambassador for the subject. Very best of luck for the future Georgia.
