LEWIS PROUD

If I had to describe Lewis in one word it would be "dude." He is a hard worker, eager to learn and nothing seems to phase him. His attitude to his musicianship is also brilliant. As a result, he can produce some highly professional results, especially when it comes to EDM (electronic dance music). In fact, I am a little bit jealous of his ability. Fingers crossed he won't be coming for my job in a couple of years' time!
