

KS3 Art, Craft & Design

KAINE WILSON

Kain always worked well in art lessons and demonstrated a positive approach with a determination to improve his skills and understanding in every lesson. However, it was during lockdown that he really shone. Not only was he clearly putting a lot of time and effort into every piece of work set, and achieving exemplary standards, we were particularly impressed by the dialogue he maintained with his teacher to discuss the work and wider technical and theoretical aspects. He discussed his work with parents and teachers reflecting an amazing curiosity and determination to learn, understand and succeed.
