

Year 7 Inspiration Award

CONNIE
DOYLE

Every year Connie trains and takes part in the Great North Run to raise funds for Action Duchenne (Duchenne is a condition that affects the muscles in the body) a charity that is aiming to develop effective treatments, uniting families with the condition and striving for inclusivity. Connie runs each year in memory of a family member who had this condition. Connie's story was shared in the year 7 celebration assembly and this commitment is an inspiration to all to do something that will make a positive difference.
