

# Head Boy Award

## CONNOR RICHARDSON

Connor has developed into an exceptional leader. His intelligence, clarity when communicating and calm and reassuring manner have enabled him to fulfil his role with distinction. Connor has made an enormous contribution to the school and student body, working tirelessly for all students whilst being a role model that they all look up to. He has done all of this whilst successfully managing his own studies and we wish him every success as he undertakes his Pharmacology studies at Manchester University.
