

# Charity Week Shining Star

## LUCY SPRAGGON

Whilst Charity Week is ultimately one huge team effort it always relies on a select group of leaders who take personal responsibility for organising and motivating other students to make charity week a fantastic success. As a Head of the Charity Week Committee 2019 one of our Shining Star Awards goes to Lucy as she demonstrated fantastic commitment, organisation and personal skills to support and drive the fundraising effort of our three chosen charities. She was instrumental in organising and supporting the other students and staff in many very successful fundraising events and was also instrumental in raising funds through her own personal sponsorship, whilst supporting the treasurers huge task of collecting and counting monies raised. She was also a main participant in delivering assemblies to the wider school community, coming into school extra early and staying late on evenings to ensure events were fully planned, staffed, well executed and an enjoyment for others. Her efforts helped Y12 and the wider school community to raise an amazing £10,717.55 for Tyneside Mind, The Alzheimer's Society and Whickham new school build.

## ANNUAL PRIZEGIVING 2020
