

Year 11 Inspiration Award

KAYDEE ABRAHAM

At the start of year 11 Kaydee was very low on confidence and was convinced she was going to seriously underperform in her exams. Kaydee showed an incredible level of dedication and resilience throughout the winter to catch up on work and push her grades up slowly but consistently. As spring approached Kaydee appeared far more confident and ready to face her exams from a position of strength. When we found out that the exams had been cancelled Kaydee was very frustrated at not being able to prove to herself, and the world, what she was capable of. Kaydee's battling spirit and dedication to achieve what seemed impossible is a fine example of what sheer determined hard work can achieve.
