

Year 11 Olympic Value Courage

NIAOMI BURDON

Courage comes in many forms and can be seen in those who struggle to face up to situations but do so anyway because they do not want to give up. Niaomi is a friendly and positive student who always displayed a caring and compassionate side towards others. No matter what happened throughout the year Niaomi retained a positive attitude, tried to listen to the advice offered by staff and peers, and was there for others when she could be of assistance. Niaomi consistently tried to overcome any barriers in her way and demonstrated a desire to be as independent as possible. The added pressures of Year 11 sometimes made this a hard task but Naiomi always approached it with a respectful, cooperative attitude and an engaging and friendly style that makes her an ideal candidate for this award.
