

Overcoming Barriers to Learning

EMMA RAMSAY

Emma is a committed and dedicated student who impressed all her teachers with her strong desire to do well in her exams. Due to health issues Emma was not always able to focus on her work as much as she wanted to but never failed to demonstrate a desire to get back to the classroom. It is testament to Emma's focus that teachers always showed an unwavering confidence that, no matter what she missed, Emma would work tirelessly to catch up. This may have put Emma under some pressure but the calm and focussed manner that she displayed made it hard to tell. Emma deserves this award for the manner that she coped with the pressures of Year 11 and didn't let anything get in her way.
