

Extended Project

In memory of Craig Jones

ERIN
MANN

Erin's commitment to her EPQ project was outstanding. Her modern day version of Romeo and Juliet was extremely well written and she thoroughly deserved the A* that she achieved. Erin embraced her project and worked with commitment and enthusiasm to produce a fabulous artefact. She developed higher level skills which will undoubtedly prepare her for higher education. It was an absolute pleasure to have Erin in the group, she was a role model for others and I will talk about her project for years to come.
