

Leadership & Demonstrating School Values

CHLOE JACKSON

Chloe's development and growth in confidence throughout Sixth Form was a joy to watch. From someone who experienced her own difficulties at the beginning of Year 12 Chloe became a true leader in school supporting other students and leading in key areas such as Charity week and the creation of the school year book. Always a great example in terms of being a fantastic independent learner she is the epitome of what a Sixth form student should be with a thirst for learning and pride in punctuality and attendance. Her final A level grades of A*, A*, A and B simply reflected those qualities that she demonstrates on a daily basis. Chloe has passionate beliefs on equality and fairness and has become increasingly more confident in expressing those beliefs and challenging others if she feels those standards are not being met elsewhere
