

Achieving Beyond Expectations

ANTHONY BIGGS

Whilst we always have high expectations of our students and Anthony has always achieved highly, his progress from the end of Year 12 onwards has been simply stunning. Anthony has developed his ability to plan, research and write both creatively and in depth to the highest standard. His results of A* in English Literature, History and Geography A levels and his Extended Project Qualification are incredible and a true reflection of a student that has combined high academic ability with a superb work ethic. Hugely popular amongst his peers and teachers alike.
