- to consult with our employees on matters affecting their health and safety
- to provide and maintain safe plant and equipment
- to ensure safe handling and use of substances
- to provide information, instruction and supervision for employees
- to ensure all employees are competent to do their tasks, and to give them adequate training
- to prevent accidents and cases of work-related ill health
- to maintain safe and healthy working conditions
- to review and revise this policy as necessary at regular intervals.

The governing body will review this policy statement if there is any significant change or at least annually and update, modify or amend it as it considers necessary.
