

Mr Temperley

7JTE

Hello,

My name is Mr Temperley, I'm a geography teacher at Whickham School and I'm delighted to say that I'll be your tutor in September. I hope you are all excited to start secondary school. We are an incredibly caring school, so if you are at all nervous, please remember that there will be lots of friendly students and staff to make you feel welcome. I'll be with you every step of the way in September and I can't wait to get started.

I've always loved finding out about how the world works and discovering new places around the world. That's why I've always loved geography and travelling. I've been lucky enough to travel to different places around the world and see lots of different cultures. I'm fortunate enough to teach students about these different the world that we live in.

Outside of school, I love playing and watching sports. I've always enjoyed watching rugby and can't wait to watch the World Cup in September. I'm a massive Manchester United fan (where I'm from) and had a season ticket for many years before moving up to Newcastle to study at university. I played a load of football growing up, but recently I've gotten into playing tennis and squash.

I hope you all have a wonderful and relaxing summer holiday. I'm already looking forward to meeting you all. You'll have an amazing time at Whickham School, you'll make new friends, get to try new and exciting things and make plenty of memories along the way.

See you soon,

Mr Temperley
