

# Whickham Biology

WHICKHAM SCHOOL

## Learning Journey

A Level Biology

GCSE Exams

Ecology

Inheritance, Variation & Evolution

Homeostasis

Separate Sciences

Combined Science

Evolution & Variation

Inheritance

Earth's Atmosphere & Water

Year 11

The Nervous System

Scientific Writing

Evaluating Experiments

Ecology & Biodiversity

Plants & Photosynthesis

Lifestyle & Health

Preventing, Treating & Curing Disease

Combined Science

Drawing Conclusions

Year 10

Health & Disease

Plant Structures & Organization

Photosynthesis & Respiration

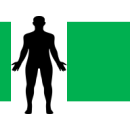

Graphs & Calculations

9B3 Ecology

9B2 Systems of the Human Body

9B1 Cell Biology

Year 9

Year 8

B4 Health & Lifestyle

B5 Inheritance

B6 Adaptations

B7 Ecosystems

Planning Experiments

B3 Reproduction

B2 Body Systems

B1 Cells

Year 7

Foundation Questions of Biology

What makes you, you?

How do living things survive and thrive?

How do organisms depend on, interact with and affect the environment?
