Deciding where to go

- *Career Aspirations* - do you have a career in mind or is there a job you always wanted to try out?
- What are your *skills, interests, hobbies* - could you do something in those areas?
- *Research companies in the area* where you would like to work. Look around when you are out and or get googling!
- Many companies have *specific work experience offers* - find information on their websites - it could be an online form or it could be the contact details for whomever you should address your letter of application to
- *Charities and Community Centres* – always welcome Volunteers and charity work always looks good on a personal statement, application form or CV

Y10 World of Work - What Next?

- *Letters to parents* will be going out this week - check they've got them
- *Ask your parents or family members* if it's possible to go to work with them
- OR *start thinking about somewhere else you'd like to go* - do your research
- *During Tutor* in the coming weeks you'll get some *useful information* about Work Experience - how to find it, how to ask for it and how to smash it - so make sure you listen up!
